

I am writing concerning the LPFM which is being considered. If these LPFM stations were to take priority over current FM translator services I would lose my K-Love station 89.3fm. I feel that would be detrimental to our community. So many of my friends & I rely on K-Love to help get us through the day with encouraging music & uplifting thoughts & prayers. I am a financial supporter of K-Love because I feel it is so important to this community. It helps turn people's thoughts & intentions from the negative to the positive. It is uplifting, it reminds us that there is a God who loves us & that there are people out there who genuinely care about what happens to us, & the choices we make. People need to know that life is not hopeless. They need to know that they matter, that they count for something. They need to know that the same God who created the heavens in the earth cares enough to know their every hurt. We need that daily reminder. If we lost our K-Love station, I honestly don't believe that I would listen to the radio much at all. Please take this into consideration. Thank you.
